

## KY's Derby Region

As the name implies, this region is home to Churchill Downs and the “most famous two minutes in sports” — the Kentucky Derby.

This region is also the birthplace of one of America's greatest presidents, Abraham Lincoln. Lincoln, the first president not born in one of the 13 original colonies, was born on the Sinking Springs Farm near Hodgenville and lived in the area until he was 8 years old.

Kentucky's Derby Region is also the American Saddlebred capital of the world. Shelby County, just east of Louisville, claims the most Saddlebreds per capita of anywhere in the world.
